## CONTACT UNITED WAY FOR MORE INFO

Avril Paice, Community Impact Coordinator  
[avril@unitedwaycso.com](mailto:avril@unitedwaycso.com) OR 250-860-2356

We will ask you some questions about your team and how you want to make a difference in your community, so we can find the right project for you.

- When do you want to volunteer?
- How long can you volunteer for (full day, half day, ongoing project)?
- What kinds of skills can your team bring to a project?
- Would you prefer indoor or outdoor work?
- How many volunteers are on your team?
- What type of charity you would like to help?

We will match your team to a project at a local charity, and help you figure out the scheduling and other details. United Way will visit during the project, take photos and share the story through our Kelowna Capital News partnership.

## BENEFITS TO VOLUNTEER TEAMS

- You make an immediate, visible difference in your community
- We share your accomplishments with others through the Kelowna Capital News, and our social networking applications, website, newsletter, and blog. Your efforts inspire others to share their time and skills too!
- Your team feels more connected to community needs and priorities
- You build a mutually beneficial relationship with a non-profit organization
- You get a low cost, high impact way to develop teamwork and leadership
- You foster positive community relations for your own organization

## EXAMPLES OF PROJECTS
